Press A to set the chronograph second hand to 12:00 (zero) position. Press A to change to recall mode. Chronograph Mode Elapsed Time Measurement 1. Time Setting 1. Return the crown to position 1. 6. Return crown to position 1. Alarm Mode 1. Change to Recall Mode to scroll through saved data. Note: Do not set date and week between 10 p.m. and 2 a.m. (22 o'clock and 2 o'clock). Press pusher A to select minutes and hour. Press B to return to chronograph next lap (up to 100 laps). Turn the crown either clockwise or counter-clockwise and set the date for the previous day. Off Mode Press pusher B four times to display off mode from time mode. Press B to set date. Hour will begin flashing. To adjust day, continue rotating crown 24 hours until day is correct. Reading Different World Time Zones 1. Hand in upper left indicates date and will automatically reset to "1" at the end of a 31-day month. CHRONO SECOND HAND CHRONO MINUTE HAND 1 2 3 A B DATE Chronograph ISA 8172/220 Time/Day Setting 1. If your watch stops, it is recommended that you manually wind the movement by rotating the crown clockwise to achieve the necessary power reserve. Rotate crown clockwise until the correct date is shown in the date window. Press pusher C to increase digit; press pusher D to decrease digit. If A is held down for over 2 seconds, the chronograph second hand advances continuously. 12/24 hour time will begin flashing. 1. Return Crown B to position 1. To start time-keeping, rotate the crown clockwise 15-20 times in position 1 until power reserve hand moves from "-" low reserve to "+" full reserve. In regular time display mode, press pusher A to toggle between 12/24-hour format. Note: Upon saving, display will show next empty set available (1-9) or MEMORY FULL. EL can remain on as long as pusher B is pressed down. Press B to reset the chronograph minute hand. Turn crown clockwise until the correct date is shown in the date window. • To ensure water resistance, exposure to hot water is not recommended. Chronograph Mode 1. Set to the correct time. Press any pusher to silence alarm. Then use steps 1-5 to set. Do not return the crown to position 1 while the hands are returning to "0." Doing so will cause the position of the hands to be recognized as the new "0" position. Note: Do not change the date between 10 p.m. and 2 a.m. This is when the movement in position to carry out the automatic date change. Press pusher B to adjust digit. Pull crown out to position 2. Press pusher C to view next lap; press pusher D to view previous lap. Alarm and Hourly Chime Mode From Alarm Mode, press pusher C to choose Alarm ON, Chime ON, Alarm and Chime ON, or Alarm and Chime OFF. Note: If no data is stored, display will show NO DATA.
